

Rivers of Connection:

Integrating research, practice & lived experience

**AUSTRALIAN
PSYCHOSIS CONFERENCE**

29th -30th July 2025
Rydges, South Bank Brisbane

INVITATION

We invite your organisation to partner with and support the Australian Psychosis Conference (APC) 2025, scheduled to take place at the Rydges, South Bank Brisbane, on July 29-30, 2025.

APC2025 is committed to innovating conference delivery and fostering long-term partnerships. Our goal is to provide an exceptional experience for all attendees, particularly service providers and users. The conference will offer unique opportunities for industry partners to engage with emerging clinical and academic leaders, aiming to enhance health outcomes for individuals with lived experiences of psychosis.

The conference will serve as a dynamic platform for participants to engage in comprehensive clinical and scientific exchanges. The theme, "Rivers of Connection: Integrating Research, Practice, and Lived Experience," will guide the program, featuring renowned international and national speakers.

As a partner, you'll have the chance to engage and market to APC attendees, providing substantial branding opportunities within this niche market. This prospectus outlines a variety of options for reaching participants before, during, and after the event. We are also open to discussing alternative strategies to ensure our partnership is mutually beneficial and aligns with your organization's needs.

Opportunities are limited, so we encourage you to act now to secure your involvement as a valued stakeholder in APC2025. Thank you for considering this opportunity, and we look forward to welcoming you to Brisbane.

AUSTRALIAN PSYCHOSIS CONFERENCE 2025

Rivers of Connection:
Integrating research, practice & lived experience

Rob Ramjan, AM
Conference Co-Convenor

Professor Dan Siskind
Conference Co-Convenor

ABOUT THE CONFERENCE

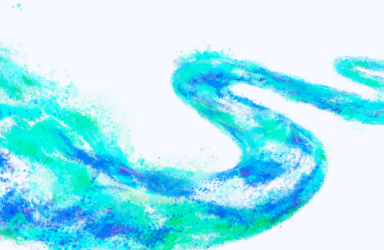

The Australian Psychosis Conference (APC), formerly known as the Australasian Schizophrenia Conference (ASC), is Australia's premier national forum dedicated to the exchange of ideas and presentation of cutting-edge research. Last held in Sydney in 2023, the conference covers a broad spectrum of topics, including the latest international research, advancements in training and education, innovations in clinical practice and service delivery, and the perspectives of individuals with lived experience.

APC focuses on a comprehensive understanding of the biological, psychological, social, and systems-level factors involved in psychosis, including causes, treatments, meaning-making and recovery. Central to the conference are themes of prevention, early detection, healthcare, social and support factors, and experiential understanding, making it an essential event for professionals, people with lived experience, and stakeholders in the field.

AUSTRALIAN PSYCHOSIS CONFERENCE 2025

Rivers of Connection:
Integrating research, practice & lived experience

ABOUT THE CONFERENCE

As well as showcasing the latest research and developments in the mental health field and providing professional networking opportunities through Breakfast, Sundowner, and Wellbeing events, key attributes of the APC include: (1) Local engagement, (2) Supporting early career researchers, (3) Recognising achievements.

(1) The 2-day conference will be preceded by a Town Hall event, at which the Keynote speakers of the conference will give 10–15-minute overview of their presentations. This event is designed to make the conference content accessible to all, and is free to the local community. Initiatives and services from local organisations will also be showcased.

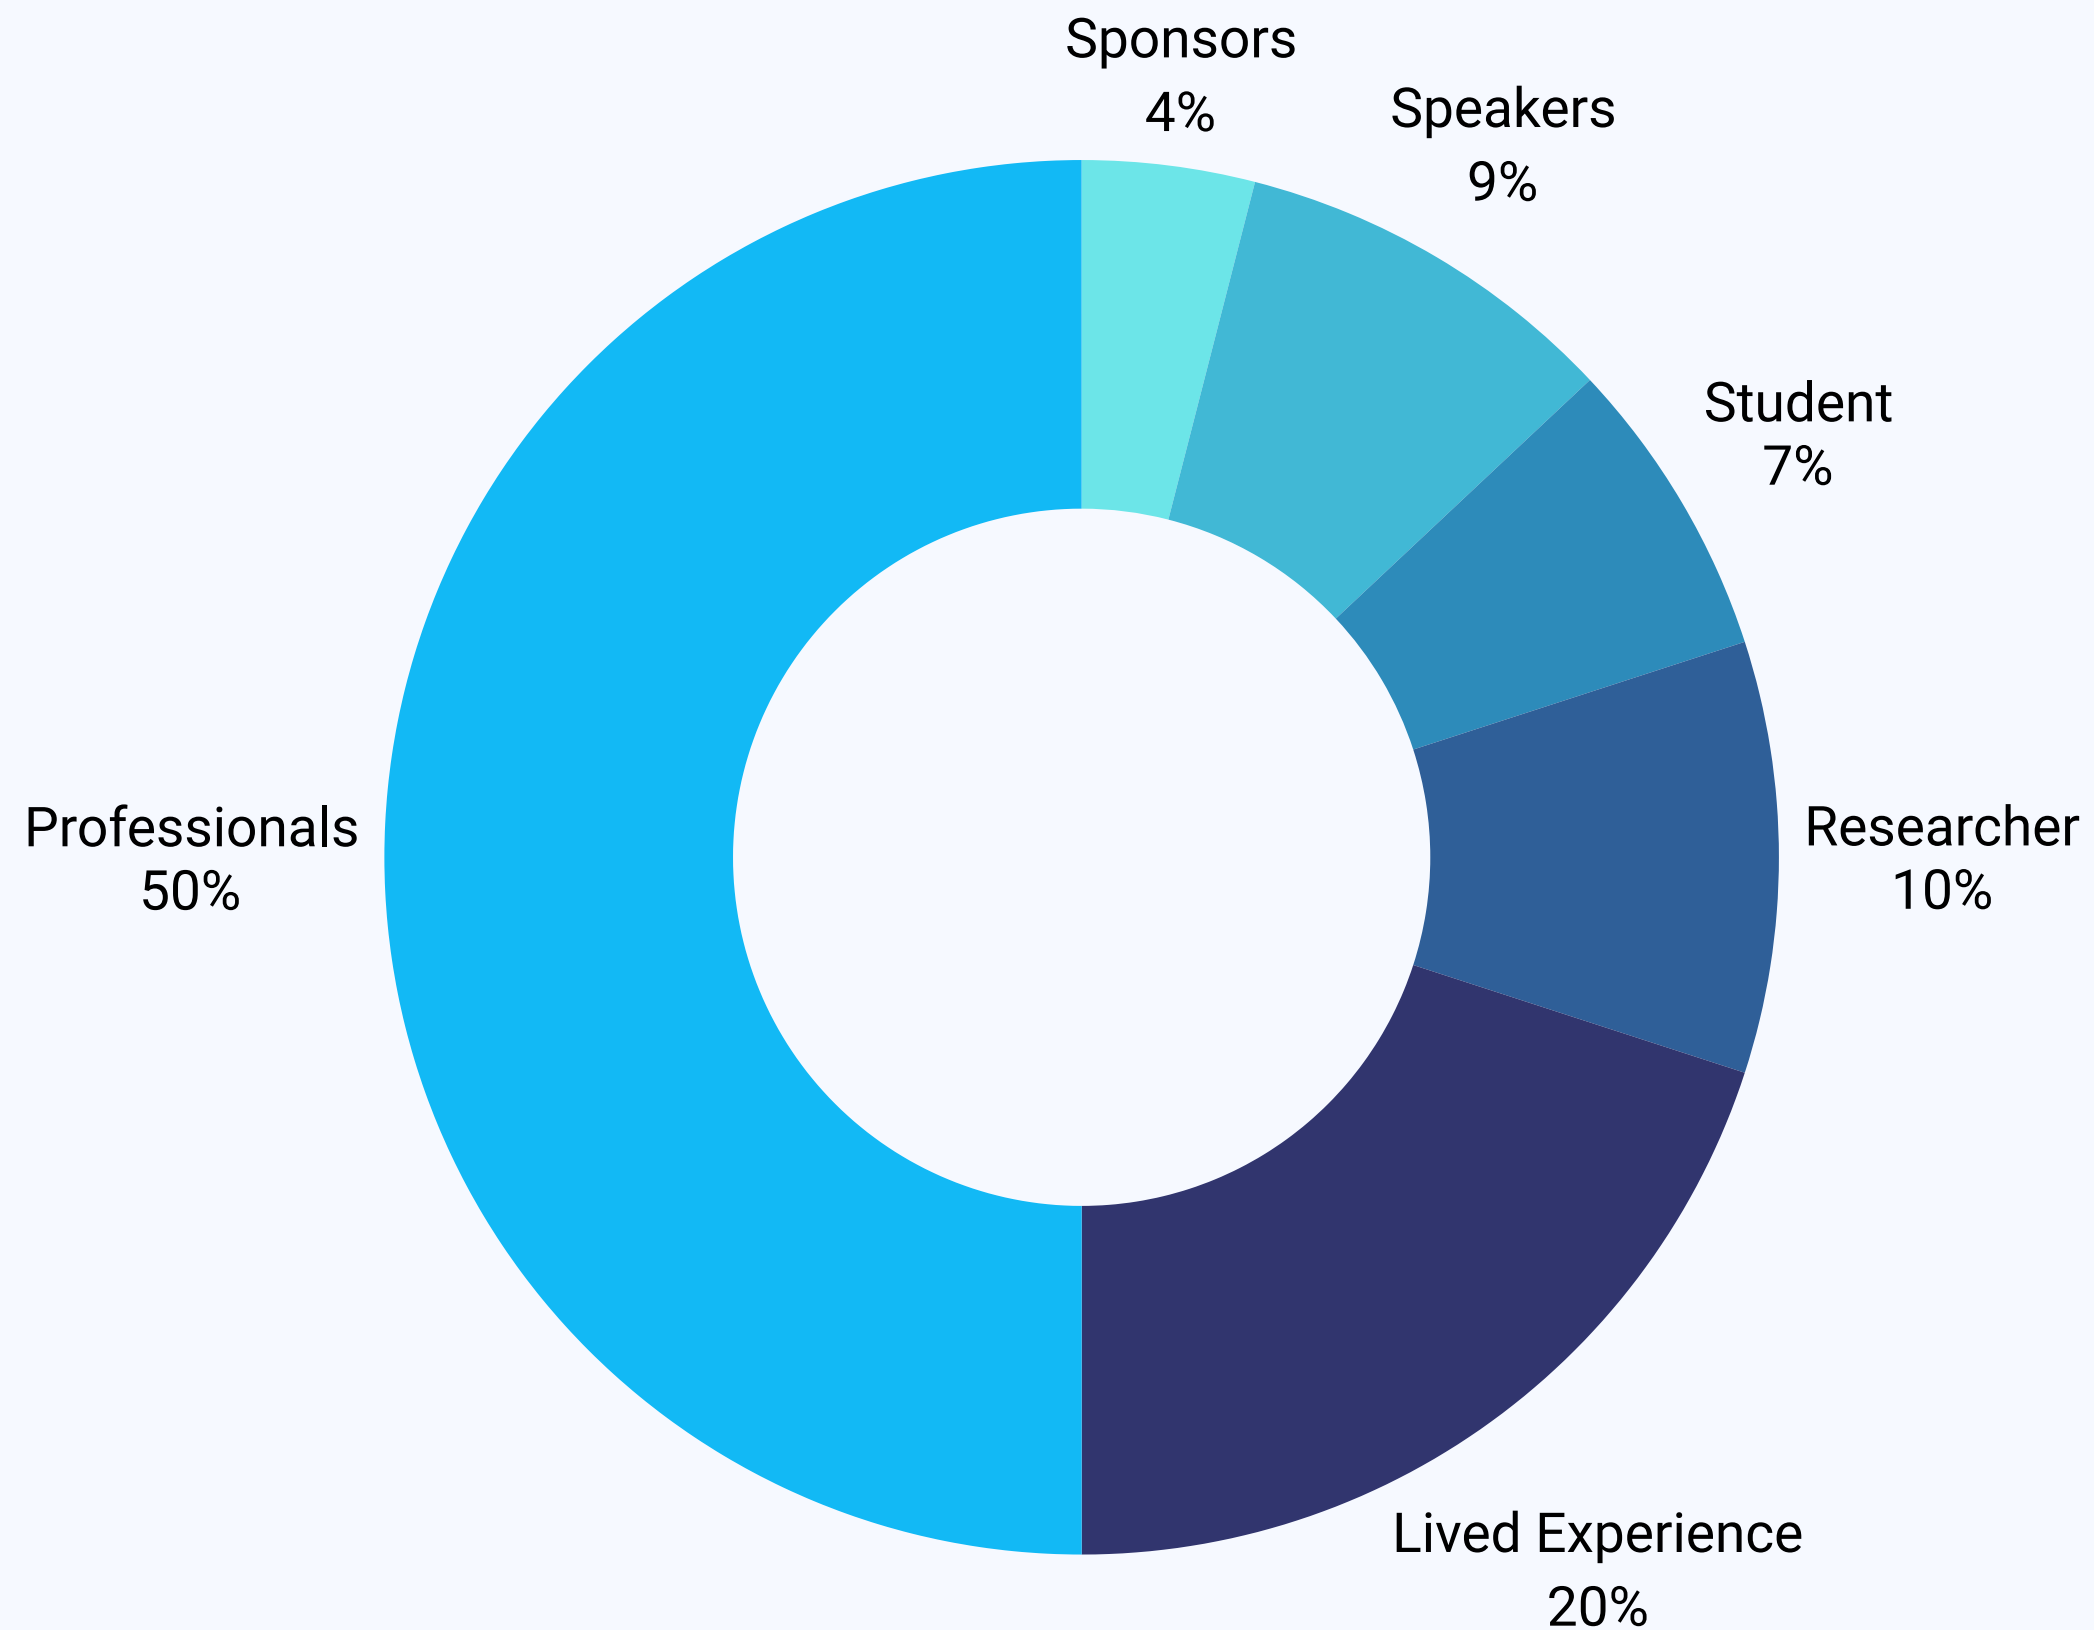

(2) Early career researchers who are giving 10-minute lightning presentations will have the option of pitching for \$5,000 seed funding grants to support the next phase of their work. There are also awards to acknowledge exemplary presentations.

(3) The APC recognises outstanding achievements in three award streams:

- **The Burdekin Human Rights award:** First presented to Brian Burdekin in 2023 for his transformative contributions to the mental health sector as the first Federal Human Rights Commissioner, this award recognises achievements in improving human rights for people with psychosis.
- **The Lived Experience Leadership award:** Recognising the leadership, advocacy and activism of consumers/survivors and families who have enabled and embedded lived experience through all levels of the mental health system, this award will be presented for the first time in 2025.
- **The Research award:** Recognising research, policy and systems change impacts that improve equality in social determinants and quality of life for people with psychosis, this award will be presented for the first time in 2025.

Each of these key features of the APC improve engagement with the mental health community, and are offered as unique opportunities for partnership.

WHO WILL ATTEND

APC 2023 will attract over 300 delegates from across Australia and New Zealand and include:

- People living with psychosis, and their family and friends
- Researchers
- Clinicians
- Psychiatrists
- Service providers

HOST ORGANISATION

Psychosis Australia (PA) and the Mental Illness Fellowship of Australia (MIFA) co-host the APC gatherings. PA is a knowledge-based organisation that advocates for strategic multi-center translational research aimed at bridging the gap between existing research knowledge, clinical practice, and service delivery.

PA emphasises preventative approaches to schizophrenia and mood disorders, focusing on minimising or preventing the psychosocial disabilities that can occur post-onset. Additionally, PA is at the forefront of critically analysing traditional research methods by incorporating the perspectives of those with lived experience.

This approach highlights the societal changes needed to eliminate stigma and discrimination associated with psychosis, and to reduce barriers that prevent individuals from living safely within their communities.

Psychosis Australia has identified five key success factors for improving the quality of life for people living with psychosis:

1. Life Expectancy: Enhancing longevity through better health care and lifestyle support.
2. Cost-Effectiveness: Increasing the efficiency of treatments and support services, including early intervention.
3. Quality of Life: Improving the overall well-being of individuals with psychosis.
4. Social and Economic Participation: Promoting productivity and greater involvement in social and economic activities.
5. Prevention, Recovery, and Cure: Making measurable progress in preventing psychosis, supporting recovery, and advancing towards a cure.

WHY PARTNER

By becoming a valued supporter and partner of APC2025, you will have the opportunity to:

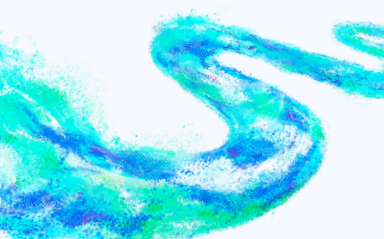

- ✓ **Enhanced Promotional Exposure:** Showcase your products and services to a targeted audience, increasing visibility and brand recognition.
- ✓ **Networking Opportunities:** Expand your professional network, build new client relationships, and strengthen existing ones in a dynamic environment.
- ✓ **Increased Brand Awareness:** Elevate your organization's profile through exposure on the APC2025 website, conference participation, and other marketing channels.
- ✓ **Support Psychosis Australia's Mission:** Align with and support the vital objectives of Psychosis Australia, showcasing your commitment to a significant cause.
- ✓ **Direct Impact:** Facilitate the participation of individuals living with psychosis and their families at the conference, contributing to their support and empowerment.

Partnering with us is more than just a business opportunity—it's a chance to make a meaningful difference in the lives of many.

WHO SHOULD PARTNER

APC2025 will appeal to partners from the following sectors:

- Government departments
- Universities and training institutes
- Organisations providing software utilised by the industry
- Organisations providing and developing treatments for mental health conditions.
- Organisations related to medical conditions
- Organisations active in the social determinants of health
- Professional associations relating to the sector
- Mental Health organisations
- Resource publishers and distributors

MARKETING

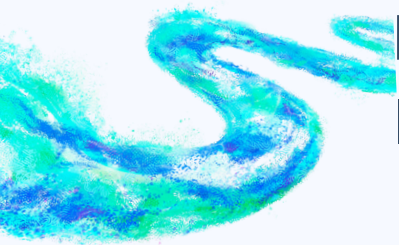

An extensive marketing campaign will be launched for the Conference, targeting audiences both in Australia and internationally. The campaign will include:

- **Direct Marketing:** We will send announcements to previous conference attendees and members of the Psychosis Australia database.
- **Dedicated Webpage:** A special APC2025 page on the Psychosis Australia website will be regularly updated with information on keynote and plenary speakers, the program, registration details, accommodation options, sponsors, and exhibitors.
- **Industry Promotion:** We will also promote the event through various industry networks leading up to the Conference.
- **Social Media Campaigns:** We will engage with audiences on social platforms, sharing updates, key highlights, and engaging content related to the Conference.
